

CADDS ARCHITECTURAL

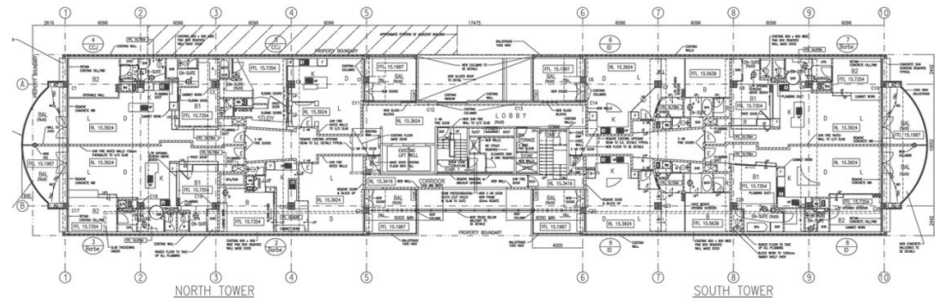

Company Profile

CADDS Architectural is a division of Computer Aided Design and Drafting Services Pty Ltd. We have been offering our clients high quality, cost effective design and documentation services since 1993.

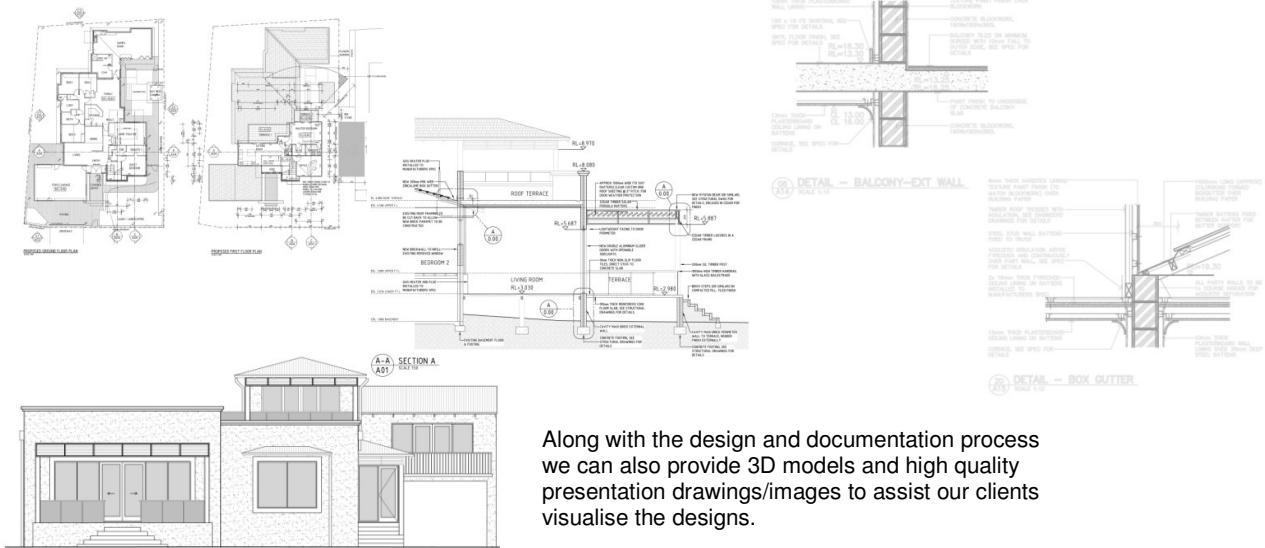

CADDS Architectural has assembled a professional team of skilled Architectural Draftspeople with the experience and ability to undertake all aspects of the construction industry, including:

- Residential
- Multi-level
- Commercial,
- Light industrial
- Health developments

CADDS Architectural provides quality, cost effective design and drafting solutions for architectural projects of any size. We specialise in helping our clients through every aspect of their projects including:

- Design
- Site measuring
- Client and local authority liaison
- Consultant liaison
- Development approval documentation
- Comprehensive working drawings for building licence and construction

Along with the design and documentation process we can also provide 3D models and high quality presentation drawings/images to assist our clients visualise the designs.

CADDS Architectural utilises the latest CAD software (AutoCAD and Revit) to produce quality 2D or 3D documentation that meets and exceeds our client's needs. All documentation complies to the relevant shire, BCA and Australian Standards requirements. We offer a flexible service, working in the manner desired by our individual clients, including documentation style, level structure, comprehensive library/families and software type.

CADDS Architectural employs trained experienced staff and provides ongoing training. All employees follow and are committed to the principles our quality management system, which allows us to provide the best possible service to our clients.

CADDS Architectural's level of client satisfaction can be measured by the loyalty of our many repeat clients who consider us a trusted contributor to their business success. Our work and success is a reflection of our ability to listen to our clients, assess their needs, fulfil their vision and exceed their expectations with our efficient documentation process. This process allows CADDS Architectural to work to very tight time schedules, ensuring our clients get quality documentation in the shortest possible time.
